Functional elegance in nursing care

bonsigna & belsedia

Corpus and seating furniture

# Corpus and seating furniture

for an ambiance worth living in

Changes in your personal surroundings hide many challenges. This is especially true for the elderly and care-dependent people. Wissner-bosserhoff has made it its mission to cater to the wishes and needs of people under nursing supervision. When you want to create an environment that is truly livable, you have to focus on the place where people can be themselves and create their own personal space: their home. And we want to help people in need of care and senior citizens feel at home, whether this be in their own four walls or in a nursing home. With the bonsigna corpus furniture line and the belsedia seating furniture line, wissner-bosserhoff turns the resident's room into a welcoming living space: functional and stylish with an elegant and timeless design. Together with the innovative nursing home beds and bedside cabinets, it brings stylish harmony to the resident's room.

Always striving for maximum functionality and with the greatest attention to detail, we have created furniture that is flexible and does justice to everyday nursing requirements.

## Wardrobes

Nursing home beds and bedside cabinets that are almost understated in form are combined with the bonsigna I corpus furniture program into a modern living atmosphere. bonsigna I elegantly emphasizes the clear forms of this line with its smooth linear design. In addition, the straight lines of the storage cabinets fit perfectly into preexisting recesses in the resident's room.

Bonsigna I: straight lines and plain elegance

## Details

The interior has a particularly practical design: Shoes and other objects can be stored in an open-top basket that the resident can easily reach. An integrated lockable compartment for valuables can be installed at two different heights, so that wheelchair users can access it easily and keep their personal belongings in a safe place.

## Dressers

Depending on the space available and the need for storage capacity, bonsigna I offers the appropriate dresser for every furnishing. Dressers with doors and narrow drawers are available in different sizes. The program is completed with a high dresser that offers plenty of storage space.

## Wardrobes

Always striving for maximum functionality and with the greatest attention to detail, bonsigna furniture is flexible and does justice to everyday nursing requirements. The down-to-earth and yet upscale details of bonsigna II give the resident's room a high-class and homely look and feel at an affordable price. Wardrobes and dressers, with effective border technology in a gracefully rounded profile, ensure individuality and style. They also have a variety of additional features especially made for the elderly.

## Dressers

The bonsigna II corpus furniture range has a selected spectrum of appealing sideboards. The rounded profile of the top edge of the dresser is an effective design and style element that perfectly matches the bonsigna II wardrobes and the "vivo" bedside cabinet series. The drawers and doors are available in various formats, making individual designs possible. The attractive and functional highlight of the dresser range: A wall-mounted dresser with senior-friendly and easy-sliding drawers provides extra floor space for easy cleaning.

## Chairs and Tables

Experience the combination of the elegant shape and solid construction of the seating furniture family belsedia. The chairs in this range have wide armrests for extra comfort. These have grips to help the resident get up from the chair. The backrest comes in different lengths for individual comfort. From chairs with armrests to chairs with a long backrest - there is a right chair for every resident. A collection of carefully selected and easy to clean covers provides a suitable emphasis for the furnishings.

Three table designs are available to match the belsedia chairs: The rectangular tables (see below: center and right) with practical finger joint frame construction are wheelchair friendly. The round tables (left) features a central column in matching design for consistency and homeliness. All tables are available in various sizes.
